FAMILY NEWS.

Howdy, it's a pleasure to be able to write again to share little experiences of our monthly life. On these days, girls are on vacations and they enjoy of free time for almost two months. They will resume classes this upcoming 6th of February. Since they are on vacations we take them to the museum, and to a walking trail out of our province. We have also visited our grandma and some family that we don't usually see very often. Isabel have finished her driving course and will be entering into another course of Muscular Therapy. Sadly, my aunt's house caught on fire and our family got together to help her out to rebuilt it. In the house, I'm the only one with construction knowledge, so I have been helping her out. We are finishing the walls. Isabel have helped us with the cooking service and to provide the food for those that help me. Sophia and Samantha are learning the importance of family support and how to do good demonstrates the love of Christ.

MINISTRY NEWS.

We have met for the last weeks concerning some decisions for the church and its growth, we have also discussed the method of work for this 2023 and we revised our numbers, goals, and needs for this year and last year. This meeting has been very helpful to encourage ourselves to be better. Also, we were invited to give a seminar in San Jose church of Christ, my theme was the objective use of cannabis as a medical source. We learned a lot together of good preachers and good messages for the whole saturday we attended the activity. y we attended the activity.

One Microphone Over the Bible

The importance of the broadcast of this program is because we see the need of people to enjoy a lesson on their time frame of availability. We need to knock on every way we can the doors of the people. Now days, the doors are internet, social media, and internet platforms.

At this time, we have paused the program for vacations and organization for the year. We will be resuming the broadcast this upcoming month.

Our team is always ready to teach and preach the word of God in the best way we can, for this our team Walter Brooks, Christopher Sirias, and Myself Isaac Umana study as much as possible to bring forth the Word of God.

Some changes for 2023.

1. Thursdays – A Microphone over the Bible.
 - a. The reason for this change, it's because we will need more time to prepare and deliver better quality classes.
2. Fridays. Prayer night.
 - a. Every Friday, in the building we will be having prayer night and a devotional. This will be also to evangelize the neighbors.
3. Sundays – Classes and worship. (Every Sunday)
4. We will be working to accommodate the dates for youth.

We continue to pray to be able to have:

1. Printing Press.
 - a. This is a wonderful project because it will involve all the congregation and membership.

Our Goal

Our goal is to be able to produce material for the churches of Christ in Costa Rica, such as: 1. New songs created by brothers and sister

2. didactic material for children's classes.
3. curriculums for adults' classes, and also for ladies' classes.
4. Translations of material and production digitally and physically.

We will continue to have the ministries and add more.

1. **Christopher Sirias** – Full time Evangelist, host of OMOB and biblical education organizer. Supervisor in the feeding ministry, and part of the benevolence team.
2. **Isaac Umaña** – Full time Evangelist and Director of One Microphone Over the Bible, advertising supervisor, Youth Minister, social care, Exterior and Interior Relations Minister and infrastructure maintenance.

WE ALSO HAVE VOLUNTARY PART-TIME MINISTERS
